

Let's Sing!

Let's Sing! is a new music resource, for adult and girl members of Girl Guides of Canada-Guides du Canada, to download sheet music and audio support so that they can learn new songs that are relevant to them. These songs may be copied by members for use within Guiding.

Inclusivity

Inclusivity at Girl Guides of Canada is a conviction that all members need to be included. This resource has tried to provide alternate wording to some traditional songs that originally had faith overtones, as well as including the original wording so that the historical context of the song is maintained. Guiders are encouraged to teach and use the non-faith version so no member feels excluded.

Girls First Program

Singing is part of our Guiding tradition and fits nicely into our new Girls First Program. It can fit into both the "Spirit of Guiding" and "Camping and Outdoors" themes of the "Guide Together" Program Area. This music resource will help support our girls as it provides the lyrics, sheet music and recording of the songs; enabling the girls to explore and expand their Guiding song repertoire.

If you would like to see songs added to **Let's Sing!**, we need to obtain permission to use the song or determine that it is in the public domain.
