

The World Tour was developed in 2003 as a way of helping BC Guiding members to learn about the World Centres.

There are five World Tour crests – members can earn one per World Centre and complete challenges from all five World Centres for a complete set. A set of World Tour binders was produced at the time the challenge was developed but now they are all online; take a look on the [BC International Resources page!](#)

You can use activities and resources from the World Tours to complete the challenge, or you can create your own activities to suit your unit. We encourage you to be creative and think “outside the box”!

In order to earn a World Tour crest for one of the World Centres, complete at least one activity relating to the applicable country or the World Centre from a minimum of three of the following categories:

- The country
- The World Centre
- Guiding in that country
- Traditions and culture
- Foods
- Clothing
- Crafts
- Games
- Songs

Crests may be ordered through the provincial office. For complete instructions and to download the order form, please visit the [BC Provincial Challenges page](#).

Have fun exploring the world!
